

Cloud &  
Collaboration

# SOLUTIONS Simplified.

Blueprint Consulting Services is a leader in Cloud based applications and collaboration services. We specialize in providing solutions for Office 365, SharePoint and Azure. Our team has extensive experience in solving problems for the smallest businesses as well as the largest enterprises.

Our end-to-end services ensure that the immediate need is addressed and the overall business need is analyzed to guarantee a complete and cost optimized model going forward.

## Our cloud and collaboration services include:

### Implementation Services

- First time working with SharePoint or Windows Azure? We provide expert guidance as you plan and execute your own implementation.

### SharePoint Migrations

- Blueprint is your full-service solution for migration to SharePoint or Office 365. We manage the migration of your content to a variety of platforms including SharePoint instances, Lotus Notes, File Shares, or even Google Docs.

### SharePoint Upgrade Services

- Ready to upgrade to a new version of SharePoint but aren't sure where to start? The Blueprint team has the experience to help you upgrade your SharePoint instance with minimal friction to your business and to your end users.

### SharePoint Customization

- Blueprint helps streamline organizations by moving business processes into SharePoint. Our team of experts help customers maximize their SharePoint investments while improving productivity.

### Windows Azure Integration

- Improve availability, reduce support costs, and simplify upgrades by moving your business applications into Microsoft Azure. Blueprint offers full-service build, migration, deployment, and support of Azure-based applications.
